

QUICK ACTIONS YOU CAN TAKE TODAY TO SAVE PACIFICA:

In all calls, emails and faxes, be polite and non-abusive, but firm.

I. IF YOU CAN ONLY MAKE ONE CALL...

Call the National Association of Home Builders (NAHB) in DC (800-368-5242), where Pacifica National Board Vice Chair Ken Ford is employed as a manager. Leave a message for Ford at ext. 8228 asking him to resign from the Pacifica Board. Also call NAHB CEO Jerry Howard at ext. 8257 and ask him to urge Ford to resign from the Pacifica Board.

Some talking points for your message to Ken Ford:

* Immediately reinstate Democracy Now! programs and staff.

* Don't pack the Board. No more self-selecting Board.

* Do the right thing and resign now, for at least 3 reasons:

1. Your term expired on June 7, 2000. (Contrary to Ford's assertion, the by-laws do NOT state that merely being elected to the Executive Committee allows a director to serve an additional term.)

2. You have repeatedly disrespected the Pacifica community by overseeing union-busting, staff lockouts, censorship and race-baiting at the network.

3. By forwarding activist communications to the FBI, you have shown that you don't understand the FBI's historic role as an opponent of the right to First Amendment-protected dissent.

II. CALL THE PROBABLE BOARD NOMINEES

The Pacifica Board has scheduled an illegal conference call "meeting" for Sept. 19th to replace Board members who have resigned due to our grassroots, nonviolent pressure campaign, and to bolster the hijackers' razor-thin 6-5 majority over the progressive dissidents.

Call the probable nominees (put forth in July but temporarily blocked by a court order) and let them know that to accept the Board's offer would seriously undermine efforts to preserve the Pacifica Radio Network.
